Special to The Courier.

SCOTTDALE, Sept. 25 - Work on the Methodist summer home near Laurelville is progressing as the men of the congrugation find time to lend a hand. Wedneslay and Saturday afa pand, wednesing and similar similar interpoons had originally been set aside for the men to work on the buildings, but now every afternoon fluts them busy. The first story is entirely weatherboarded and while they have been held up for some time by lack of material for the frame work this has been secured and it will be but a short while until the bungalow is completed Photographs of the building are on exhibition in Alex Lowe's display window.

The fuel problem must be solved. Fuel this year is not only high in price and going higher—but IS SCARCE—and we cannot meet the situation by simply digging a little deeper into our pockets.

We must use LESS FUEL—so there may be enough to go around.

Yet we must keep warm. We must protect our families with wellheated homes. We must not let colds and influenza become rampant again this winter.

The practical answer to fuel economy—and a large measure to winter-health—is the

The CaloriC saves from 1-3 to 1-2 the fuel. This is not guess work but an established record—fully proven in over 100,000 buildings where the CaloriC is in use.

CaloriC heat is circulated heat—constant change of air. Therefore CaloriC heat is always pure and healthful. Why should anyone endure close, stuffy rooms when they can have pure, healthful CaloriC heat at LESS COST?

The CaloriC is sold on the fair and square basis of guaranteed satisfaction – the broadest guarantee ever made in the heating industry. Why should any buyer of a furnace take chances with experiments when he can buy the CaloriC on this definite guaranteed basis?

The CaloriC is the Pioneer and Leader of Pipeless Heating, and embodies basic patents which are essential to officient pipeless heating and which imitators dare not copy. The man who buys a CaloriC gets advantage of these patents, and can have advantage of them in no

Do you shut your eyes after your family bundle leaves your hands, or are your employees. You will be told of mutual currous to know whence it goes and by associations for health bone its, of clubs what manner of people your linen is for recreation; of organizations for the laubilem d.

Joilnences that have to do with the betterment of working conditions are making themselves felt in all industries, but nowhere have the results been more

Visit our modern laundry. You will find it a headquarters for cleanlinesswell lighted with sunshine from many windows; the floors brightly scrubbed and sunitary; the ventilation thorough, the hir sweet. You will also discover conveniences for the employees; rest and lunch rooms, lock-

ers and baths-everything that we have come to esteem as essential for the physical and mental wellbeing of workers.

Or opend a few momen's with the encouragement of steadines; and thrift. The car supply in the designation of the Interestate Commerce Commercial with no change in the designation of the market is perhaps more completely manaries than it has prived been before in its long history. The unanimity with which consumers are staying out of the market is pre-momenal. All consumers seem to on agreed that the market is noted that the market is not required that the market is on the accumulations that developed during the car shortage. Thus far few sources of supply to stop or curfuil shipments. The market tymains quetable firm but altogether (pactive at
